JOIN US IN POWERING SPORT

It takes a community to raise active kids, let alone world-class athletes. Become part of the main community that is backing sport in the Fraser Valley by donating to our Powering Sport Fund. Charitable donations to this fund allow PacificSport Fraser Valley to continue to provide quality services and programs in community sport and high performance sport, and ultimately, raise the next generation of active children and elite athletes in our region. This year, we are hoping to raise \$5000.00 for our athlete grants, which will allow us to award 10 athletes with \$500 each.

How You Benefit

"PacificSport has been there for me from the start. With their help, I have worked up from the Provincial development level to the Canadian National Team. Access to training centers, physical and mental training resources and to a network of other athletes has been empowering and super beneficial to me along my journey. From discounted food, physical training programming, help finding a mental performance consultant, etc... They have always had me covered. Thanks for the years of continued support!"
